Dear Sir:

I, Kyung Han RYU, have reviewed the above identified patent application, references, and arguments set forth in the Office Action and declare as follows:

1. I received a Ph.D. in Organic Chemistry from Sogang University on the date of Feb. 2003.
2. I have been a Battery Engineer for Samsung SDI Co., Ltd. since June 2003.
3. I have reviewed and understand the references, the claims, and the arguments in the Office Action and declare that the units of measurement for the viscosity of the solvent used in the present invention having a viscosity that is less than or equal to 1.3 are centipoises (cP's), and would have been understood as such in light of the disclosed magnitudes and the inherent properties of the materials set forth in the specification.

The Declarant further states that the above statements were made with the knowledge that willful false statements and the like are punishable by fine and/or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that any such willful false statement may jeopardize the validity of this application or any patent resulting therefrom.
